About Me

Web Developer passionate about creating responsive and creative websites. Well-versed in HTML, CSS, JavaScript, React and eager to learn more and expand my background as a developer in order to deliver exceptional customer experiences and satisfaction.

Professional Experience

Special Educator - Holy Cross Harboyan High School

Sep 2021 - Present / Full Time

- Prepare individual education plans (IEP) tailored to each student's educational/social needs.
- Teach General English, Mathematics, Science and Social/Life Skills to kids and young learners.
- Successfully adapt course material to fit the students' levels and needs.
- Teach students as a class (12 students), in small groups (up to 4) and one on one individual sessions.
- Integrate ActivInspire Lesson Delivery Software to deliver lessons that are interactive and engaging.

Projects

Coffee Shop Project - [CODE](#)

Creating a responsive website for a coffee shop.

- Technologies: HTML, CSS, JavaScript
- Worked and completed individually the Menu and Footer section of the coffee shop website.

Movie Project - [CODE](#)

Fetching API from IMDB to create our own responsive movie website.

- Technologies: HTML, JavaScript, CSS
- Worked on creating the footer section of the website while actively communicating with other team members.

iTherapy Project - [CODE](#)

Creating a responsive website where users schedule appointments with therapists online.

- Technologies: CSS, JavaScript, React, Firebase
- Worked on creating several pages of the website such as the Login/SignUp Page, Contact Us Page, Purchase Tickets Page, etc. while actively communicating with other team members.
